

DIDACTIC OFFER - MASTER'S DEGREE Agrifood Innovation Management a.y. 2025-2026																						
first year of the degree course																						
1st semester																						
Cod. ESSE3	Courses	Professor	SSD	New sector	Type of educational activity	CFU	b1	b2	b3	b4	b5	b6	C	D	E	F	Ore					
173000	Short cycle breeding and innovative techniques to improve product quality	Sihem Dabbou	AGR/20	AGRI-09/D	B - core	6	6										60					
173002	Plant physiology applied to agricultural production	Michele Perazzolli	BIO/04	BIOS-02/A	B - core	6		6									60					
173003	Improvement in Crop Production: MOD 1: Fruit quality improvement and ripening physiology	Fabrizio Costa	AGR/07	AGRI-06/A	B - core	6			6								60					
173006	Agri-food law: introductory notions and the regulation of innovation in agri-food law	Matteo Ferrari	IUS/03	GIUR-03/B	B - core	6					6						60					
173009	Food production and processing: MOD 1: Food composition and physico-chemical transformations	Eugenio Aprea	CHIM/10	CHEM-07/B	C - related or supplementary	6							6				60					
					TOT. I sem.	24																
II semester																						
173003	Improvement in Crop Production: MOD 2: New plant breeding techniques	Stella Grando	AGR/07	AGRI-06/A	B - core	6			6								60					
173005	Agri-food marketing analysis and techniques	Simone Cerroni	AGR/01	AGRI-01/A	B - core	6					6						60					
173004	Biopesticides and innovative techniques for plant protection	Gerardo Puoplo	AGR/12	AGRI-05/B	B - core	6			6								60					
		Gianfranco Anfora																				
		Rachele Nieri																				
173007	Innovative plants and automation for the agri-food production and transformation	Annachiara Berardinelli	AGR/09	AGRI-04/B	B - core	6						6					60					
173009	Food production and processing: MOD 2: Physical characteristics and chemical properties of food	Eugenio Aprea	CHIM/10	CHEM-07/B	C - related or supplementary	6							6				60					
173022	Experimental design and sampling plans, statistical tests and programming for the analysis of agri-food and environmental data	Roberto Rosà	ING-INF/05	IINF-05/A	F – other educational activities	4										4	40					
					TOT. II sem.	34																
					TOT. I year	58																
All students have to attend Safety General training which includes 3 levels: General Training + Specific Training: Low Risk + Specific Training: Medium Risk. These courses must be completed at the beginning of the 1st semester.																						
second year of the degree course active from 2026/27																						
1st semester																						
Cod. ESSE3	Courses	Professor	SSD	New sector	Type of educational activity	CFU	b1	b2	b3	b4	b5	b6	C	D	E	F	Ore					
133001	Sensory quality of agri food products and consumer preference	Flavia Gasperi	AGR/15	AGRI-07/A	B - core	6	6										60					
173008	Methods for traceability, protection and authenticity detection of agri-food products	Sihem Dabbou	CHIM/01	CHEM-01/A	C - related or supplementary	6							6				60					
		Stella Grando																				
		Federica Camin																				
173023	The microbiome of the environment and agri-food products	Ilaria Pertot	AGR/16	AGRI-08/A	B - core	6		6								30						
		Omar Rota Stabelli														30						
173021	Methods for the management and implementation of the innovation process in the company, entrepreneurship and innovative startups	Ilaria Pertot	SECS-P/08	ECON-07/A	F – other educational activities	2										2	20					
	Elective course		-		D – elective	6								6			60					
	Elective course		-		D – elective	6								6			60					
					TOT. I sem.	32																
II semester																						
173021	Methods for the management and implementation of the innovation process in the company, entrepreneurship and innovative startups	Ilaria Pertot	SECS-P/08	ECON-07/A	F – other educational activities	2										2	20					
173016	Stage		-		F – other educational activities	2										2						
173017	Thesis		-		E – for the final exam/thesis and for the foreign language	20									20							
					TOT. II sem.	24											340					
					TOT. II year	56																
					TOT 2 YEARS	114																
Elective course - 1st semester																						
173010	Eco-sustainable methods for the prevention and management of invasive alien species	Gianfranco Anfora	AGR/11	AGRI-05/A	D – elective	6								6			60					
		Rachele Nieri																				
		Roberto Rosà																				
173025	Innovative Feed, Feed Safety and Animal Welfare	Sihem Dabbou	AGR/20	AGRI-09/D	D – elective	6								6			60
