

**Public selection for admission to the Two-Year Master's Degree in Data Science**  
**Academic year 2025/2026 – Third call**

(English translation)

**The only binding version is the Italian one.**

At the end of the admission procedure

At the end of the two selection sessions for the admission to the Master's degree in Data Science for the academic year 2025/26, there are 15 places available.

Therefore, the University of Trento opens a third call, reserved for European and Equivalent citizens who already meet the requirements set out in the [Admission call](#), with the exception of the bachelor's degree and B2 level of English, which may be acquired by 31 October 2025.

The application can be submitted from 03 September, 2025 until 12 September, 2025 at noon (CET) filling in the online request at [Application](#).

Once eligibility requirements have been verified, applications will be evaluated by a committee and scored based on the criteria mentioned in the [Admission call](#).

The short list will be published in the [Data Science webpage](#).

Given that results may be available after classes have begun, admitted candidates may agree on any attendance requirements with the relevant lecturers.

Trento, 01 September 2025
