For the purposes of this admission Call, two categories of applicants are considered:

- **Europeans and Equivalents:** Italian citizens, European Union citizens, or those with equivalent status, hereinafter referred to as “Europeans and Equivalents.”
- **Non-Europeans:** Citizens of countries outside the European Union who are not permanently living in Italy, hereinafter referred to as “Non-Europeans.”

It is essential to carefully read **Note 1** in this document to determine your category and proceed correctly with the subsequent steps.

### 2.2 Admission Requirements

Admission is subject to the following conditions:

- Successful completion of an admission test organised by the University of Trento (hereinafter "UniTrento") within the deadlines set forth in Article 4 of this call for applications.
- Possession of a secondary school diploma, either already obtained or to be obtained by July 31, 2025, in Italy or abroad, provided the qualification is deemed valid. For foreign qualifications, see Note 2. Errore. L'origine riferimento non è stata trovata.
- Possession of an English language proficiency requirement, minimum level B2 (with reference to the Common European Framework – CEFR). For details regarding this requirement, see **Note 3 - English language proficiency requirement for admission**.
- For non-European candidates only: must reach the age of majority by September 30, 2026.

## Article 3: Number of Seats for Each Degree Course

The Degree Course has seats reserved for European and Equivalent candidates as well as Non-European candidates.

The seats are distributed across two sessions held at different times. The distribution of available seats is as follows:

Available places			
	European and Equivalent candidates	Non-EU candidates	Total
Comparative European and International Legal Studies			
First session	50	10	60
Second session	25	-	25

**Please note:**

- **Non-European candidates may participate only in the first session due to the time required for immigration procedures.**
- European and Equivalent candidates may participate in both sessions. Unassigned places from the first session will be made available in subsequent sessions.

## Article 4: Admission Procedure

The admission procedure at UniTrento is divided into two essential phases:

- Submission of the admission application on the UniTrento website (**Article 4.1**).
- Completion of the UniTrento local admission test (**Article 4.2**).

Both steps must be completed to be included in the admission rankings for the University of Trento.

### 4.1 Admission Application on the UniTrento Website

When submitting an admission application, candidates must:

- Access the UniTrento website and select one or more desired Degree Courses.
- Respect the following deadlines:
  - By **March 6, 2026**, for the **first session** - the only session available for non-European candidates;
  - Between **April 9 and May 4, 2026**, for the **second session** - open only to European and Equivalent candidates.

#### 4.1.1 Authentication on the UniTrento Website (Step 1 of 2)

To submit the application, candidates must first authenticate and create a profile on the UniTrento website by accessing the [Admissions Page](#).

Candidates can log in using:

- SPID (Italian Public Digital Identity System).
- Electronic ID Card (CIE).
- A UniTrento account (e.g., [@unitn.it](#) or guest accounts).

Refer to **Note 4 - How to access to UniTrento website and ask for admission** for technical details.

#### 4.1.2 Selection of the Degree Course on the UniTrento Website (Step 2 of 2)

After authentication, candidates must select the Degree Course they wish to apply for:

- **European and Equivalent Candidates:** EU Domanda di ammissione CEILS - 2026
- **Non-European Candidates:** Non-EU Application for admission CEILS - 2026

**Important:**

Non-European candidates must apply exclusively to “Non-EU” Degree Course; failure to do so will result in exclusion from the admission process. During the application, they will be required to upload the documents specified in Errore. L'origine riferimento non è stata trovata..

**Note:** Non-European candidates may participate only in the first admission session due to the time required for pre-enrollment and visa procedures.

The application must include both authentication (**Article 4.1.1**) and Degree Course selection (**Article 4.1.2**). Completing authentication alone does not qualify as an application itself.

European candidates wishing to participate in both sessions must submit separate applications for each session, adhering to the respective deadlines.

**Application Fee:** To participate in the admission test, a fee of EUR 35,00 is required.

## 4.2 Completion of the Admission local Test

The test will be held on the following dates:

- **March 23, 2026, at 2:30 PM (UTC+1)** online remotely
- **May 14, 2026, at 2:30 PM** in person at UniTrento

For further details regarding the structure of the admission tests, see **Note 5 – UniTrento Admission Test**.

The candidate's absence from the admission test will be considered as a withdrawal from the selection process, regardless of the reason.

**Special needs:** The test is organized to meet the specific needs of candidates with disabilities or learning disorders, as outlined in **Article 16 of Law No. 104/1992** and **Law No. 70/2010** (see **Note 5** for details).

## Test Scoring

The score is calculated as follows:

- **+1 point** for each correct answer.
- **0 points** for each unanswered question.
- **-0.33 points** for each incorrect answer.

Non-European candidates, as defined in Article 1.1 of this call for applications, may only participate in the first admission session.

## Article 5: Rankings

Rankings will be published on the UniTrento website on:

- **April 2, 2026**, for the first admission session.
- **May 20, 2026**, for the second admission session.

### 5.1 Criteria for Ranking Formation

#### 5.1.1 European and Equivalent Candidates

For ranking purposes, the highest score obtained **among the tests taken during the 2026** calendar year will be considered.

The ranking is compiled in descending order of scores, within the limit of available spots and in compliance with the **eligibility threshold of 11/60 on the test result**. In the event of a tie, priority will be given to the younger candidate.

Candidates who are not admitted in the ranking of the first session may submit a new application for admission according to the procedure described in Article 4. In any case, the highest score will remain valid.

### 5.1.2 Non-European Candidates

The ranking is compiled in descending order of scores, within the limit of available spots. To pass the admission test, each candidate must achieve a minimum score of 11/60.

For the purpose of awarding the benefits referred to in Article 8, this score will subsequently be converted into a scale of 100. Based on the scores obtained by candidates on a scale of 60, a selection committee will appropriately convert these scores into a scale of 100.

In the event of a tied score, preference shall be given to the youngest candidate.

## Article 6: Deadlines overview

The following deadlines apply to the two sessions:

	<b>Admission Application</b>	<b>Admission Test</b>	<b>Rankings publication</b>
<b>First session</b> (open to all candidates)	<b>Within March 6, 2026</b>	<b>23 March 2026</b>	<b>April 2, 2026</b>

### 7.1 European and Equivalent Candidates

#### Acceptance of admission for candidates currently enrolled in UniTrento or another University in Italy

Candidates with active enrollment at UniTrento or at another university who are admitted in the rankings must confirm acceptance of their admission by emailing [helpammissioni@unitn.it](mailto:helpammissioni@unitn.it) within the deadline indicated in the rankings. The pre-enrollment procedure explained below is not required.

#### Pre-Enrollment and Educational qualification Confirmation for Candidates Without Active Enrollment

Candidates admitted in the rankings who are not currently enrolled at UniTrento or at another university must complete the pre-enrollment process and subsequently confirm their degree.

**Pre-Enrollment:**

Must be completed by the deadlines indicated in the published rankings. A non-refundable fee of **EUR 80.00** is required. If modifications to pre-enrollment are made within the same session, the fee is charged only once.

**Educational qualification Confirmation:**

Must be completed between **July 6** and **12:00 PM, July 17, 2026**, following instructions published on the UniTrento website.

Candidates who fail to complete pre-enrollment and/or diploma confirmation within the specified deadlines and procedures will be considered as having withdrawn.

**Additional Places**

If places remain unallocated after educational qualification confirmations, UniTrento will publish an updated ranking list for the second session by **July 28, 2026**, on its website. The dates of any further updates will be communicated alongside the rankings.

**7.2 Non-European Candidates**

Admitted candidates must pre-enroll at UniTrento by the deadlines and by following the procedures outlined in the published rankings.

- **Pre-Enrollment Fee:**

A non-refundable fee of **EUR 80.00** is mandatory to complete pre-enrollment at UniTrento.

Candidates who fail to pre-enroll within the specified deadlines will be considered as having withdrawn. Places which may become available due to withdrawals will be reassigned through one or more updates to the rankings.

- **Withdrawal after Pre-Enrollment:**

If a candidate withdraws after paying the confirmation fee for any reason, immediate notification must be sent to [internationaladmissions@unitn.it](mailto:internationaladmissions@unitn.it).

- **Visa procedure**

Candidates who pre-enroll and pay the fee must also complete pre-enrollment procedures at the Italian Embassy or Consulate in their country of living by the deadlines set in the “Annual procedures for entry, residency and enrolment of international students and the respective recognition of qualifications for higher education courses in Italy”. This document, usually published by the Italian Ministry for Universities and Research in **March** on the [University website](#), outlines procedures for student visas and enrollment. Pre-enrollment on University is a mandatory procedure for obtaining a visa.

- **Educational qualification Confirmation**

Must be completed between **July 6** and **July 17, 2026**, by following the instructions provided on the UniTrento website.

Enrollment in the chosen Degree Course will be finalized only after completing these procedures and verifying compliance with the requirements outlined in **Article 2** of this Call.

- **VISA Deadline:**

The deadline for obtaining the visa is September 30, 2026.

## Article 8: Tuition Fees, Scholarships, and Accommodation

### 8.1 European and Equivalent Candidates

Tuition fees are calculated based on the “**ISEE Università**” value.

Scholarships and discounted housing can be requested through the **Opera Universitaria**, the provincial board for student support in Trento. Applications must be submitted according to the guidelines and deadlines provided in Opera Universitaria's annual Call, usually published in **June**.

Private housing options can be found on platforms such as [T-rent](#) and [Dovevivo](#).

### 8.2 Non-European Candidates

The score obtained in the admission test, converted into a scale of 100, determines the amount of tuition fees to be paid for the first academic year, as follows:

Score	Tuition Fees for first year of enrollment
90–100	Exempted from paying tuition fees
70–89,90	EUR 1,000.00
60–69,90	EUR 2,000.00
50–59,90	EUR 4,500.00

Candidates with a ranking score equal to or greater than 90/100 will be exempt from paying tuition fees for the first academic year.

The maximum tuition fee for non-European Union students not residing in Italy is €6,000.00 per academic year: further details are available on the [Tuition Fees](#) page.

Non-European candidates residing abroad who rank **among the top positions in the ranking** and achieve a score of at least 70/100 may be awarded a scholarship, depending on the number of scholarships available for each degree course.

The scholarship allocation will be announced at the same time as the publication of the ranking. Scholarship recipients will be exempt from paying tuition fees. In the event of withdrawal from enrollment by a scholarship recipient, the scholarship may be reassigned to the next candidate in the merit ranking.

The scholarship is considered as a contribution to partially cover [living expenses in Trento](#) and will be awarded only upon actual arrival. The scholarship may be granted for the subsequent academic year if the student meets the merit requirements set annually by the University. Further details are available on the [Scholarships](#) page.

## Article 9: Application for admission to years after the first

Considering the places available according to the annual planning, it is possible to apply for admission to years after the first.

**Candidates applying for admission to years beyond the first year are still required to take the admission test.** Those who are not admitted to years beyond the first may enroll in the first year if their ranking position is eligible, in compliance with Article 7 of this call for applications.

Candidates applying for a change of degree course, transfer from another university, or recognition of exams passed in a previous academic career must follow the deadlines and procedures that will be published by **February 2026**.

## Note 2 - Academic qualifications obtained abroad

Academic qualifications obtained abroad that are valid for admission to higher education institutions in Italy are specified in Attachments 1 and 2 of the [“Annual procedures for entry, residency and enrolment of international students and the respective recognition of qualifications for higher education courses in Italy”<sup>2</sup>](#).

Qualifications are deemed valid if they are issued by officially recognized institutions and pertain to officially accredited programs within the education system of the foreign country. More detailed information is available on the [Enic-Naric](#) website, particularly on the [Diplome](#) page managed by [CIMEA](#). UniTrento reserves the right to request documentation for evaluating eligibility (e.g., a statement of verification and/or statement of comparability) as outlined on the [diploma verification](#) page.

The assessment of foreign qualifications is carried out only after the conclusion of the admission and pre-enrollment procedure specified in Article 7.1 of this call. UniTrento does not evaluate the eligibility of a qualification prior to the completion of this procedure.

Below are the general characteristics required for a foreign qualification to be deemed valid:

- It must have been obtained after at least **12 years of schooling**. If the diploma for secondary school is obtained after fewer than 12 years in the candidate's country, the requirement may be met by following the instructions in Attachment 1 of the “Annual procedures for entry, residency and enrolment of international students and the respective recognition of qualifications for higher education courses in Italy”.
- It must have been obtained after attending the final two years of the foreign education system to which the diploma pertains. Qualifications issued after only one academic year in a foreign education system are not considered valid.
- It must permit admission to a similar study program at universities in the country where the qualification was obtained. For example, if the qualification is a vocational technical diploma that does not grant access to university in the candidate's country, it will not be considered valid for university admission in Italy. Furthermore, if the issuing country requires an academic suitability test for university admission, proof of passing this test must be provided (e.g., **Selectividad** in Spain, **Gaokao** in China, **Prova de Aferição** or **Prova Geral de Acesso ao Ensino Superior** in Portugal, **YSK** in Turkey, **Konkur** in Afghanistan).

### Verification of Foreign Academic Qualifications

Candidates must complete UniTrento's online admission procedure as described in Article 4, "Admission Procedure."

The following documents must be uploaded during the online process:

1. If the final qualification has not yet been obtained:
  - A list of subjects studied with grades (the **Transcript of Records**) referred to the last two years of study. If the document is not in one of the following languages—English, French, German, or Spanish—a certified translation into Italian or English is required.
2. If the final qualification has already been obtained:
  - An electronic copy (scanned in **.pdf** or **.jpg** format) of the diploma. If the diploma is not in one of the following languages – English, French, German, or Spanish – a certified translation into Italian or English is required.

---

<sup>2</sup>Drawn up by the Italian Ministry for Universities and Research and published on [University](#) in spring every year.

3. If the qualification was obtained after fewer than 12 years of schooling:
  - Documentation (scanned in **.pdf** or **.jpg** format) specified in Attachment 1 of the “Annual procedures for entry, residency and enrolment of international students and the respective recognition of qualifications for higher education courses in Italy” to fulfill the requirement.
4. If the issuing country requires an academic suitability test for university admission:
  - An electronic copy (scanned in **.pdf** or **.jpg** format) demonstrating that the test was passed. If the test was not taken, the requirement may be fulfilled by providing the documentation (scanned in **.pdf** or **.jpg** format) listed in Attachment 1 of the “Annual procedures for entry, residency and enrolment of international students and the respective recognition of qualifications for higher education courses in Italy”. These documents are essential and must be obtained in time for submitting a visa application to the appropriate embassy/consulate.

### **Note 3 - English language proficiency requirement for admission**

Candidates may declare that they already meet the English language proficiency requirement through one of the following methods:

- Possessing a certificate listed on the page [Certificates – Do you have a certificate?](#) (“International certifications recognized by the CLA for meeting admission requirements for study programs, participation in international mobility, and access to CLA courses”). Candidates who do not yet possess the international certificate proving English proficiency at a minimum B2 level (CEFR) are also eligible for selection, provided they attach provisional documentation confirming they have passed the final exam and will subsequently receive the international certificate.
- Providing a declaration issued by a secondary school institution stating that the completed study program had English as its official language of instruction.
- Declaring themselves to be native English speakers.
- Self-certifying that they are citizens or residents of a country where English is the official language.

Applicants who do not have SPID or CIE but already have a UniTrento-issued account can access the registration procedure using their existing username (e.g., firstname.lastname@guest.unitn.it or firstname.lastname@unitn.it).

#### *• Registration of a UniTrento "guest" account*

Applicants who do not have a SPID or CIE identity or a UniTrento-issued account can register a temporary "guest" account (e.g., for minors or users without an Italian tax code or ID document). It is recommended to create the account at least three working days with before the UniTrento registration deadline.
